Purpose and basis

Medical Private will cover the costs of outpatient treatment worldwide in accordance with the following provisions. Coverage for the risk of accident can be included.

The basis of these Supplementary Terms is the January 2004 edition of the General Terms of Insurance for supplementary insurance plans pursuant to the Swiss Federal Act on Insurance Contracts (VVG/LCA).

Miscellaneous

5 End of insurance coverage

Medical Private insurance can only be taken out in conjunction with another supplementary insurance plan for outpatient treatment or in conjunction with a supplementary hospital insurance plan. Medical Private insurance therefore expires as of the moment from which this condition is no longer fulfilled.
