Supplementary terms

July 2012 edition

Insurance carrier: Sanitas Privatversicherungen AG

Purpose and basis

Hospital Extra Liberty covers the additional costs of inpatient hospitalisation and treatment in the semiprivate ward of acute hospitals accredited by Sanitas, in particular in Switzerland. Further benefits are detailed in these Supplementary Terms. The insurance pays costs that exceed the benefits paid under mandatory basic health insurance pursuant to the Swiss Federal Health Insurance Act (KVG/LAMaI) and other social insurance pursuant to point 2 of the General Terms of Insurance.

Coverage for the risk of accident can be included.

Services in the event of illness and accident abroad are additionally covered via Sanitas Assistance. The insured can use these services even if the risk of accident is not covered. The terms appended at the end are an integral part of these Supplementary Terms.

The basis of these Supplementary Terms is the General Terms of Insurance for supplementary insurance plans pursuant to the Swiss Federal Act on Insurance Contracts (VVG/LCA).

This translation is provided for the sake of convenience. The wording of the German original shall take precedence.

Miscellaneous

16 Terms diverging from the General Terms of Insurance for VVG/LCA plans

The points of the General Terms of Insurance for VVG/LCA insurance plans specified below are replaced by the following provisions:

- **Term of contract (point 16)**

The contract has no fixed term. If the insured person opts for a fixed multi-year term, the date of expiry of the contract is specified in the policy document. If the policyholder does not terminate the contract with effect this date, the contract will automatically be converted into a contract with no fixed term, which each year will be tacitly extended by one year.

- **Amendments to the contract by Sanitas (point 18 para 3)**

Thereupon the policyholder shall be entitled to terminate the insurance affected by the change in premium with effect from the moment the amendment to the contract enters into force. To be valid, Sanitas must receive the notice of termination on the day before entry into force at the latest. Failure to terminate the contract shall be deemed as the policyholder's consent to the amendment to the contract.

- **Termination (point 19 para 2)**

The policyholder may terminate the contract at the end of the term of the contract or (if the contract has no fixed term) at the end of a calendar year with three months' notice. Sanitas must receive notice of termination by September 30 at the latest.

- **Change of age group and place of residence (point 22) and change of term of contract**

The premium tariff may specify different premium scales according to age, sex, marital status, place of residence and term of contract (with a multi-year discount ceasing to apply once the term originally agreed expires), with a change in any of these factors resulting in a change in premium. With the exception of changes on the basis of age, this change in premium does not entitle the insured person to terminate as per the General Terms of Insur-

ance for supplementary insurance plans pursuant to the Swiss Federal Act on Insurance Contracts (VVG/LCA).

- **Payment of premiums and due dates (point 23 para 1)**
Premiums are due on the first day of the period being billed. Payments may be made on an annual, semiannual, quarterly, bi-monthly or monthly basis, with the insurance year beginning on January 1. Sanitas may stipulate a minimum billing amount for people paying more frequently than once a year. If the address is outside Switzerland, payments may only be made on an annual, semiannual or quarterly basis.

17 Elective deductible

- 1 If the insured person chooses an elective deductible, the amount of the chosen deductible will be applied to the total benefits for a given calendar year.
- 2 If the contract commences from January 1 up to and including June 30, the full annual deductible will be applied; if the contract commences from July 1 up to and including December 31, half the annual deductible will be applied.
- 3 If a treatment goes on for more than ten days beyond the end of the year, the annual deductible must be paid again for the new year.
