

List of recognised healthcare providers

Valid as of 1 November 2022

The conditions that must be met for costs to be covered are set out in the applicable general terms of insurance and the supplementary terms as stated in the policy.

Healthcare providers in Switzerland

Sanitas accepts all recognised fertility clinics in Switzerland.

Healthcare providers abroad

At present, Sanitas does not accept any healthcare providers abroad.

Terms and conditions for laboratories

The above recognised healthcare providers commission a laboratory with the genetic embryo screening. The laboratory must have appropriate accreditation pursuant to the Swiss Reproductive Medicine Act (FmedG).

For non-invasive prenatal testing (NIPT), Sanitas recognises all Swiss laboratories that are licensed to perform cytogenetic and molecular genetic tests by the Federal Office of Public Health (FOPH). We do not list the individual laboratories. You can find the current list on the FOPH website: [bag.admin.ch](https://www.bag.admin.ch)
