Hospital Day Comfort

For outpatient procedures

Three good reasons for choosing Hospital Day Comfort

Enjoy maximum comfort and privacy even during outpatient procedures

Cutting-edge medicine and free choice of hospitals and doctors (incl. senior physician)

Personal advice before and after the procedure

sanitas

More and more medical procedures are being performed on an outpatient basis. You therefore leave the hospital or clinic on the same day, which means that the additional benefits of classic inpatient hospital insurance no longer apply. Hospital Day Comfort closes these gaps in cover.

Benefits such as choosing a hospital/clinic from an accredited network, faster access to specialists, treatment by senior doctors, and maximum comfort and privacy are also important for outpatient procedures. This way, you will have peace of mind as you undergo the procedure and can be sure of the best possible care. We also cover overnight stays and support you through your recovery with, for example, up to CHF 1,000 for care services.
