

Sanitas Corporate Private Care

Additional supplementary insurance plans

Targeted cover

Four good reasons for choosing additional supplementary insurance

**Free choice of doctors
worldwide**

Corporate Medical
Private: outpatient treatment and free choice of doctors in Switzerland and abroad

For a bright smile

Dental: outpatient and inpatient dental treatment in Switzerland and abroad

Covered for accidents

Corporate Accident:
accident treatment on the semiprivate or private ward

**In case of disability
or death**

Accident/Risk: financial protection in the event of disability or death resulting from illness or accident

sanitas

The additional supplementary insurance plans from Sanitas Corporate Private Care enable you to close key gaps in your coverage. So you are protected whatever life throws at you.

Corporate Medical Private:

Cover beyond borders

This insurance extends your free choice of doctors, enabling you to choose yourself which doctor will provide your outpatient treatment – in Switzerland or abroad. The insurance covers outpatient treatment by accredited doctors and therapies that they prescribe.

- Free choice of doctors worldwide for outpatient treatment provided by doctors or hospitals
- Cover for non-KVG/HIA doctors in Switzerland
- Covers costs of up to CHF 100,000 per calendar year (copayment of 10%, max. CHF 1,000 per year)

Corporate Accident:

Well prepared in case of accidents

You are usually only covered for the general hospital ward through your employer. Want to be treated on the semiprivate or private ward? Then Corporate Accident supplementary accident insurance is just what you need.

- Hospitalisation abroad on the private ward (single room) of any hospital
- Full cost coverage for dental damage resulting from an accident
- Covers max. CHF 20,000 per calendar year for transport, search operations, travel costs

Hospital Day Comfort:

For outpatient procedures

More and more medical procedures are being performed on an outpatient basis. This means that you don't stay in hospital overnight. With Hospital Day Comfort, you enjoy your usual level of comfort for outpatient procedures, too, and benefit from comprehensive cover throughout. For example:

- Maximum comfort and privacy
- Free choice of doctors and hospitals among all Sanitas-accredited partner hospitals
- Cover for travel, meals and overnight accommodation
- Contributions towards home help, meal delivery and care services
- Innovative procedures, aids and implants are covered
- Rapid access to specialists and second medical opinion

Dental:

For healthy teeth

The Dental supplementary insurance plan supplements and extends your mandatory basic insurance. Dental is particularly suitable for children, as it includes not only preventive measures but also orthodontic treatment and oral surgery.

- Covers 80% of treatment costs up to CHF 5,000 per calendar year
- Dental treatment in Switzerland and abroad
- Up to CHF 50 discount on dental hygiene and dental treatment with swiss smile

Risk:

Financial security in the event of death or disability

Despite the security provided by pillars 1 and 2, some gaps are still left in your cover (especially in the event of illness). Risk can be taken out between the ages of 30 months and 55 years. The level of cover (CHF 10,000 up to max. CHF 500,000) is flexible to meet individual requirements. The insured lump-sum death and disability benefits are reduced from the age of 56. In the event of disability, compensation is based on the degree of disability.

- Financial security in the event of death or combined lump-sum death/disability benefits in the event of illness and accident
- Lump-sum benefit paid regardless of benefits paid under other insurance policies
- Supplement to statutory benefits

Accident:

Accident insurance for discerning people

Tailored to your individual requirements, the insured capital is paid in the event of death and/or disability as a result of an accident. The insured sum can be taken out in steps of CHF 10,000 up to CHF 500,000 (special maximum amounts apply up to the end of the year in which the insured turns 20 and on reaching AHV/AVS retirement age). In the event of disability, compensation is based on the degree of disability and the rate of progression.

- Financial security in the event of death and/or disability as a result of an accident
- Lump-sum benefit paid regardless of benefits paid under other insurance policies
- Supplements state social security benefits
